#### **Notes to editors**

Stirling (AIM: STRL.L) has been set up to offer a differentiated management and ownership approach for industrial businesses where the strategic and operational expertise of its team combines with that of the company's management to drive and enable improvements that create long-term shareholder value.

The Company focuses on acquiring businesses with strong fundamentals and enterprise values between £100-£750 million. Transactions will be financed through a combination of new equity and prudent leverage, with the company's target debt to be no more than 2.5x the company's EBITDA.

Stirling's approach begins with the belief that many companies have the potential to achieve material margin improvement and operational growth. Stirling's value add is to ensure management have the right strategy, the right focused leadership, empowered and incentivised management teams and the appropriate capital investment to support growth.

The Company's leadership team has significant experience of identifying the key value drivers of a given business, implementing change strategies across a diverse range of industries and delivering significant operational value creation.
